

Governance overview

“As a Board our goal is to promote the success of the Company for the benefit of all of our stakeholders.”

Allen Stevens

Chairman of the Corporate Governance and Nominations Committee

Having been appointed Chairman of the Corporate Governance and Nominations Committee in 2018, this is my first report on corporate governance. I would like to begin by thanking Sir Peter Mason and Mr Robert Long on behalf of the Board for their years of dedicated and exemplary service as Senior Independent Director and Independent Director respectively. Sir Peter in his capacity as Chairman of the Corporate Governance and Nominations Committee was instrumental in establishing and maintaining Subsea 7's commitment to good corporate governance. I am honoured that the Board has entrusted me to succeed in the role of Senior Independent Director, whose function is to ensure a culture of good corporate governance and compliance. Good corporate governance underpins the delivery of our vision and our stakeholders should rest assured that Subsea 7 will continue to strive to achieve the highest standards.

2018 was a busy year for Subsea 7 from a corporate governance standpoint, including the appointments to the Board of two new independent directors, Mr David Mullen and Mr Niels Kirk. One of the key roles of the Corporate Governance and Nominations Committee is to regularly consider Board composition and succession planning in order to guide the Board towards the right balance of diversity, experience and talent needed to steer Subsea 7. Careful consideration was given to these criteria prior to the appointments of Mr Mullen and Mr Kirk (whose biographies are on page 27. Mr Kirk and Mr Mullen have contributed fresh perspectives to the Board and enhanced the Board's skills and experience.

2018 saw the acquisition of 60% of Xodus Group and 100% of Seaway Offshore Cables (previously called Siem Offshore Contractors). In recognition of the related party nature of the latter acquisition, robust corporate governance procedures were employed to ensure the Company was acting in the best interests of all of its stakeholders. These procedures involved full and transparent disclosure of interested parties, and correct management of those interests via the establishment of a sub-committee of the Board to review and challenge the industrial logic of the transaction and to negotiate the terms. Following the success of these acquisitions, management continues to work hard to integrate these businesses into the Subsea 7 Group and to maximise the benefits and opportunities associated with the acquisitions.

During 2018 the Board agreed it would be appropriate to have an external evaluation of the Board's performance in order to, amongst other things, evaluate the procedures being

implemented by the Board. The review highlighted that we have an experienced Board with the right procedures in place in terms of regular, effective meetings at both committee and Board level with well-defined targets and a blend of talent and experience that enable us to achieve our common goal of high-quality governance.

In order to ensure our governance procedures are robust the Corporate Governance and Nominations Committee keeps abreast of all relevant legislation. 2018 has seen a focus for us on the Luxembourg legislation regarding non-financial and diversity information. To this end we have a dedicated section in our Annual Report which we believe provides a comprehensive insight into Subsea 7's approach to diversity, environmental matters, social and employee matters, human rights, and anti-corruption and bribery (pages 16 – 17).

We are proud of the work being accomplished on corporate governance and we will continue to build upon and improve our governance structures to run our business for the benefit of all stakeholders.

Board of Directors: composition and independence

As a Luxembourg incorporated entity, the Company does not have a corporate assembly.

The Board of Directors comprises seven Directors. The majority of the Directors were, during the financial year 2018, considered independent in accordance with the rules of the Oslo Børs on which Subsea 7 S.A. is listed and the independence criteria of the Norwegian Code of Practice for Corporate Governance.

Biographies of the individual Directors are detailed on pages 26 to 27.

Mr Cahuzac, the Chief Executive Officer (CEO), was first appointed to the Board of Directors in May 2008. The Board of Directors operates controls to ensure that no conflicts of interest exist with respect to his position on the Board of Directors. The charters of the permanent committees do not permit executive management to be members. Accordingly, Mr Cahuzac does not sit on any of the committees. The composition of the Company's Board of Directors and the controls to avoid conflicts of interest are in accordance with both Luxembourg company law and good corporate governance practice.

The Board of Directors endeavours to ensure that it is constituted by Directors with a varied background and with the necessary expertise, diversity and capacity to ensure that it can effectively function as a cohesive body. Prior to proposing candidates to the relevant general meeting for election to the Board of Directors, the Corporate Governance and Nominations Committee seeks to consult with the Company's major shareholders before recommending candidates to the Board of Directors.

Directors are elected by a general meeting for a term not exceeding two years and may be re-elected. Directors need not be shareholders. At a general meeting the shareholders may dismiss any Director, with or without cause, at any time notwithstanding any agreement between the Company and the Director. Such dismissal may not prejudice the claims that a Director may have for indemnification as provided for in the Articles of Incorporation or for a breach of any contract existing between him or her and the Company.

If there is a vacancy on the Board of Directors, the remaining Directors appointed at a general meeting have the right to appoint a replacement Director until the next meeting of shareholders who will be asked to confirm such appointment.

With the exception of a candidate recommended by the Board of Directors, or a Director whose term of office expires at a general meeting of the Company, no candidate may be appointed unless at least three days and no more than 22 days before the date of the relevant meeting, a written proposal, signed by a duly authorised shareholder, shall have been deposited at the registered office of the Company together with a written declaration, signed by the proposed candidate, confirming his or her wish to be appointed.

The Directors of the Board are encouraged to hold shares in the Company as the Board of Directors believes it promotes a common financial interest between the members of the Board of Directors and the shareholders of the Company. Details of the Directors' shareholdings are on page 109.

Work of the Board of Directors

The Board of Directors adheres to a Board Charter which sets out the instructions for the Board.

The main responsibilities of the Board of Directors are:

** Sir Peter Mason and Robert Long retired, and Niels Kirk and David Mullen were appointed, as Directors on 17 April 2018.

Responsibilities during the year

During the year, the Board of Directors sets a plan for its work for the following year, which includes a review of strategy, objectives and their implementation, the review and approval of the annual budget and the review and monitoring of the Group's current year financial performance. In 2019, the Board of Directors is scheduled to convene on seven occasions, but the schedule is flexible to react to operational or strategic changes in the market and Group circumstances.

The Board of Directors has overall responsibility for the management of the Group and has delegated the daily management and operations of the Group to the CEO, who is appointed by and serves at the discretion of the Board of Directors. The CEO is supported by the other members of the Executive Management Team, further details of which are on page 28 to 29. The Executive Management Team has the collective duty to deliver Subsea 7's strategic, financial and other objectives, as well as to safeguard the Group's assets, organisation and reputation. The Board of Directors has internal regulations for its own operation and approves objectives for its own work, as well as the work of the Executive Management Team, with particular emphasis on clear internal allocation of responsibility and duties.

It is the duty of the Executive Management Team to provide the Board of Directors with appropriate, precise and timely information on the operations and financial performance of the Group, in order for the Board of Directors to perform its duties. The Board of Directors has established a Corporate Governance and Nominations Committee, a Compensation Committee and an Audit Committee, each of which has a charter approved by the Board of Directors. Matters are delegated to the committees as appropriate. The Directors appointed to these committees are selected based on their experience and to ensure the committees operate in an effective manner. The minutes of all committee meetings are circulated to all Directors.

The performance and expertise of the Board of Directors are monitored and reviewed annually, including an evaluation of the composition of the Board of Directors and the manner in which its members function, both individually and as a collegiate body. The evaluation of the performance of the Board of Directors during the 2018 year was conducted internally and the results of the evaluation were shared with the Corporate Governance and Nominations Committee. In line with best practice, the evaluation of the performance of the Board of Directors is conducted by an external facilitator every third year. The most recent external review was conducted during 2018 in respect of the year 2017, further details of which are on page 25; accordingly the next external review is due at the end of 2020.

Risk management and internal control

The Board of Directors acknowledges its responsibility for the Group's system of internal control and for reviewing its effectiveness. The Group's system of internal control is designed to manage, rather than eliminate, the risk of failure to achieve business objectives and can only provide reasonable but not absolute assurance against material financial misstatement or loss.

The Group adopts internal controls appropriate to its business activities and geographical spread. The key components of the Group's system of internal control are described in the Risk Management section on pages 18 to 24. The Group has in place clearly defined lines of responsibility and limits of delegated authority. Comprehensive procedures provide for the appraisal, approval, control and review of capital expenditure. The Executive Management Team meets with other senior management on a regular basis to discuss particular issues, including key operational and commercial risks, health and safety performance, environmental factors, and legal and financial matters.

The Group has a comprehensive annual planning and management reporting process. A detailed annual budget is prepared in advance of each year and supplemented by forecasts updated during the course of the year. Financial results are reported monthly to the Executive Management Team and quarterly to the Board of Directors and compared to budget, forecasts, market consensus and prior year results.

The Board of Directors reviews reports on actual financial performance and forward-looking financial guidance.

The Board of Directors derives further assurances from the reports of the Audit Committee. The Audit Committee has been delegated responsibility to review the effectiveness of the internal financial control systems implemented by management and is assisted by the internal audit function and the external auditor where appropriate.

Communication with stakeholders

Implementation and reporting on corporate governance

Subsea 7 S.A. acknowledges the division of roles between shareholders, the Board of Directors and the Executive Management Team. The Group further ensures good governance is adopted by holding regular Board of Directors' meetings, which the Executive Management Team attends and at which strategic, operational and financial matters are presented.

The Group's vision is:

To lead the way in the delivery of offshore projects and services for the energy industry.

The Group's Values focus on: Safety, Integrity, Sustainability, Innovation, Performance and Collaboration.

In pursuit of the six Values, the Group has an Ethics Policy Statement and a Code of Conduct which reflect its commitment to clients, shareholders, employees and other stakeholders to conduct business legally and with integrity and honesty. The Ethics Policy Statement and the Code of Conduct were approved by the Board of Directors and were issued to all Directors, officers and employees and are subject to periodic review and updating.

General meetings

The Articles of Incorporation provide that the Annual General Meeting (AGM) shall be held within six months from the end of the financial year and in 2019 it will be held on 17 April. The notice of meeting and agenda documents for the AGM are posted on the Group's website at least 21 days prior to the meeting and shareholders receive the information at least 21 days prior to the meeting by mail. Documentation from previous AGMs is available on the Subsea 7 website: www.subsea7.com.

All shareholders that are registered with the Norwegian Central Securities Depository System receive a written notice of the AGM. The Company will set a record date as close as practicable to the date of the AGM, taking into account the differing deadlines for ADR and common share proxies. Subject to the procedures described in the Articles of Incorporation, all shareholders holding individually or collectively at least 10% of the issued shares have the right to submit proposals or draft resolutions. All shareholders on the register as at the record date will be eligible to attend in person, or vote by proxy, at the AGM.

Proxy forms are available and may be submitted by eligible shareholders which allow separate voting instructions to be given for each proposed resolution to one of the representatives indicated on the proxy form and also allow a person to be nominated to vote on behalf of shareholders as their proxy. There will be a separate vote for each candidate nominated for election to the Board of Directors. Details will be provided in the resolutions and supporting information distributed to the shareholders ahead of the AGM.

Under Luxembourg law, there are minimum quorum requirements for EGMs but no minimum quorum requirement for AGMs. Decisions will be validly made at the AGM regardless of the number of shares represented if approval is obtained from the majority of the votes of those shareholders that are present or represented.

The Articles of Incorporation of the Company stipulate that the AGM will be chaired by the Chairman of the Board of Directors. However, the Board of Directors ordinarily delegates authority to the Company Secretary to chair the AGM. If a majority of the shareholders request an alternative independent chairman, one will be appointed.

At the AGM, the shareholders, inter alia, elect members of the Board of Directors for nominated terms of appointment, approve the Company's Annual Accounts, the Group's Annual Report and Consolidated Financial Statements, discharge the Directors from their duties for the financial year and approve the statutory auditor's appointment. In accordance with Luxembourg law and the Company's Articles of Incorporation the Chairman of the Board is elected by the Board of Directors based on its insight into who has the most suitable level of understanding of the Company to carry out the duties of the Chairman.

Equity and dividends

Shareholders' equity

Total shareholders' equity at 31 December 2018 was \$5.68 billion (2017: \$5.89 billion) which the Board of Directors believes is satisfactory given the Group's strategy, objectives and risk profile.

Dividend policy

It is Subsea 7's objective to give its shareholders an attractive return on their invested capital. The return is to be achieved through a combination of dividend payments, share repurchases and an increase in the value of the Company's shares over time through disciplined investment in value-adding growth opportunities. The Board of Directors each year, after evaluating the Company's financial position and re-investment opportunities, may decide to recommend that shareholders approve at the AGM an appropriate dividend. This dividend will normally be paid in the month following its approval at the AGM.

Equity mandates

At the extraordinary general meeting held on 27 November 2014, the Board of Directors' authority to approve the purchase of the Company's shares up to a maximum of 33,216,706 common shares (representing 10% of the issued common shares following the cancellation of 19,626,664 common shares authorised at the 27 November 2014 extraordinary general meeting) was granted until 26 November 2019. This authority is subject to certain purchase price conditions and is conditional on such purchases being made in open market transactions through the Oslo Børs, subject to certain limitations. The Board of Directors was also granted authority for a period ending on 26 May 2020 to cancel shares repurchased under such authorisation and to reduce the issued share capital through such cancellations. An extraordinary general meeting will be held on 17 April of this year at which it will be proposed that the shareholders approve the renewal of these authorities.

An extraordinary general meeting was held on 17 April 2018 at which the Company's shareholders approved the restatement of the authorised share capital at \$900,000,000 with any authorised but unissued common shares lapsing on 16 May 2021. Additionally, the Board of Directors was authorised to issue new shares within the authorised unissued share capital. The Board of Directors was authorised to waive, suppress or limit existing shareholders' preferential subscription rights up to a maximum of 32,736,711 common shares (representing 10% of the issued common shares as at 17 April 2018). These authorisations were granted for a period of three years, expiring on 16 May 2021, to reduce inter alia the administrative burden of convening an extraordinary general meeting annually.
