

FOCUSING ON GOOD CORPORATE GOVERNANCE IN TIMES OF HEIGHTENED UNCERTAINTY

DAVID MULLEN

Chairman of the Corporate Governance and Nominations Committee

It is with sadness that I am providing this update in my new role as Chairman of the Corporate Governance and Nominations Committee and Senior Independent Director following the death in January 2021 of Allen Stevens, who had led the Corporate Governance and Nominations Committee since May 2018. As Senior Independent Director, I will continue Allen's approach of providing independent oversight and constructive challenge to ensure the Company maintains the highest corporate governance standards.

CHANGES TO BOARD AND COMMITTEE COMPOSITION

We began 2020 as a Board of eight directors. However, 2020 saw the retirement of one of our non-independent directors, Eystein Eriksrud, from the Board of Directors. This, together with Allen's passing, has resulted in the Board of Directors reducing from eight to six members, comprised of four independent directors and two non-independent directors. There have also been changes to the Board Committees. As well as my appointment, Niels Kirk has been appointed to the Corporate Governance and Nominations Committee. In addition, Elisabeth Proust has been appointed to both the Compensation Committee and the Audit Committee. With Elisabeth's appointment, the Audit Committee is now comprised solely of independent directors.

GOVERNANCE IN A PANDEMIC

2020 was a year that saw unprecedented challenges. Nevertheless, thanks to the governance structures we have in place, we were able to continue to run our business in accordance with our goal of creating long-term value for all our stakeholders.

The Covid-19 crisis and restrictions on travel meant that the shareholders' meeting and Board meetings could not proceed on a physical basis as originally planned.

However, following the enactment of temporary Luxembourg legislation allowing companies to hold shareholder and board meetings without any physical participation, the Board quickly adapted to the digital way of working and was able to conduct three more meetings than originally scheduled for the year. In addition, the AGM took place as scheduled on 7 April 2020.

However, the Board took the decision to postpone the externally facilitated evaluation of Board practices which was due in 2020 until face-to-face interviews were once again possible and, as such, in 2020 the Board evaluation was conducted internally by the Company Secretary.

SUSTAINABILITY

Sustainability has been an important area of focus for the Board of Directors this year and I am proud to report that, as a result of the permanent inclusion of Sustainability as an agenda item at every Board meeting as well as the establishment of an Executive Sustainability Committee reporting to the CEO, Sustainability has become thoroughly embedded into our corporate governance structure and its profile within the organisation and the understanding of what Sustainability means to Subsea 7 has increased significantly. You can read more about our six Sustainability Priorities and the progress made in relation to each priority in 2020 on pages 23 to 24 as well as in the Company's Sustainability Report.

RISK MANAGEMENT

During 2020 a review was conducted of the key corporate governance obligations of the Board of Directors with regards to understanding and reviewing risks and the decision was made to set up an Executive Risk Committee reporting to the CEO, which would focus on improving the visibility of the effective risk monitoring systems we already

have in place and embedding them more thoroughly into our corporate governance structure, and this is something we will be working on during 2021.

Despite the challenges faced, 2020 was a productive year and we were able to continue to build upon and improve our governance structures, always having regard to our goal to create long-term value for all of our stakeholders.

BOARD OF DIRECTORS: COMPOSITION AND INDEPENDENCE

As a Luxembourg incorporated entity, the Company does not have a corporate assembly.

The Board of Directors comprises six Directors. The majority of the Directors were, during the year ended 31 December 2020, considered independent in accordance with the rules of the Oslo Børs on which Subsea 7 S.A. is listed and the independence criteria of the Norwegian Code of Practice for Corporate Governance.

The Board has a Senior Independent Director elected from among its independent members to provide a sounding board for the Chairman and to serve as an intermediary for the other Directors when necessary.

Biographies of the individual Directors are detailed on pages 38 to 39.

The charters of the permanent committees do not permit executive management to be members. The composition of the Company's Board of Directors and the controls to avoid conflicts of interest are in accordance with both Luxembourg company law and good corporate governance practice.

The Board of Directors endeavours to ensure that it is constituted by Directors with a varied background and with the necessary expertise, diversity and capacity to ensure that it can effectively function as a cohesive body. Prior to proposing candidates to the relevant general meeting for election to the Board of Directors, the Corporate Governance and Nominations Committee seeks to consult with the Company's major shareholders before recommending candidates to the Board of Directors.

Directors are elected by a general meeting for a term not exceeding two years and may be re-elected. Directors need not be shareholders. At a general meeting the shareholders may dismiss any Director, with or without cause, at any time notwithstanding any agreement between the Company and the Director. Such dismissal may not prejudice the claims that a Director may have for indemnification as provided for in the Articles of Incorporation or for a breach of any contract existing between him or her and the Company.

If there is a vacancy on the Board of Directors, the remaining Directors appointed at a general meeting have the right to appoint a replacement Director until the next meeting of shareholders, who will be asked to confirm such appointment.

With the exception of a candidate recommended by the Board of Directors, or a Director whose term of office expires at a general meeting of the Company, no candidate may be appointed unless at least three days and no more than 22 days before the date of the relevant meeting, a written proposal, signed by a duly authorised shareholder, shall have been deposited at the registered office of the Company together with a written declaration, signed by the proposed candidate, confirming his or her wish to be appointed.

The Directors of the Board are encouraged to hold shares in the Company as the Board of Directors believes it promotes a common financial interest between the members of the Board of Directors and the shareholders of the Company. Details of the Directors' shareholdings are on page 124.

WORK OF THE BOARD OF DIRECTORS

The Board of Directors adheres to a Board Charter which sets out the instructions for the Board.

The main responsibilities of the Board of Directors are:

1. Setting the values used to guide the affairs of the Group. This includes the Group's commitment to achieving its health and safety vision and the Group's adherence to the highest ethical standards in all of its operations worldwide.
2. Integrating environmental improvement into business plans and strategies, and seeking to embed sustainability into the Group's business processes.
3. Overseeing the Group's compliance with its statutory and regulatory obligations and ensuring that systems and processes are in place to enable these obligations to be met.
4. Setting the strategy and targets of the Group.
5. Establishing and maintaining an effective corporate structure for the Group.
6. Overseeing the Group's compliance with financial reporting and disclosure obligations.
7. Overseeing the risk management of the Group.
8. Overseeing Group communications.
9. Determining its own composition, subject to the provisions of the Company's Articles of Incorporation.

10. Ensuring the effective corporate governance of the Group.
11. Approving the remuneration package for the CEO based upon the recommendation of the Compensation Committee.
12. Setting and approving policies.

The Board of Directors' Charter is available on the Subsea 7 website: www.subsea7.com.

RESPONSIBILITIES DURING THE YEAR

During the year, the Board of Directors sets a plan for its work for the following year, which includes a review of strategy, objectives and their implementation, the review and approval of the annual budget and the review and monitoring of the Group's current year financial performance. In 2021, the Board of Directors is scheduled to convene on seven occasions, but the schedule is flexible to react to operational or strategic changes in the market and circumstances affecting the Group.

The Board of Directors has overall responsibility for the management of the Group and has delegated the daily management and operations of the Group to the CEO, who is appointed by and serves at the discretion of the Board of Directors. The CEO is supported by the other members of the Executive Management Team, further details of which are on pages 40 to 41.

The Executive Management Team has the collective duty to deliver Subsea 7's strategic, financial and other objectives, as well as to safeguard the Group's assets, organisation and reputation. The Board of Directors has internal regulations for its own operation and approves objectives for its own work, as well as the work of the Executive Management Team, with particular emphasis on clear internal allocation of responsibility and duties.

It is the duty of the Executive Management Team to provide the Board of Directors with appropriate, precise and timely information on the operations and financial performance of the Group, in order for the Board of Directors to perform its duties. The Board of Directors has established a Corporate Governance and Nominations Committee, a Compensation Committee and an Audit Committee, each of which has a charter approved by the Board of Directors. Matters are delegated to the committees as appropriate. The Directors appointed to these committees are selected based on their experience and to ensure the committees operate in an effective manner. The minutes of all committee meetings are circulated to all Directors.

** Allen Stevens died on 10 January 2021.

***Eystein Eriksrud's mandate ended at the Annual General Meeting held on 7 April 2020.

The performance and expertise of the Board of Directors are monitored and reviewed annually, including an evaluation of the composition of the Board of Directors and the manner in which its members function, both individually and as a collegiate body. In line with best practice, the evaluation of the performance of the Board of Directors is conducted by an external facilitator every third year. The most recent external review was conducted in respect of the year 2017 and as such the review of 2020 was due to be conducted externally. However, in reflection of the challenge of not being able to physically meet, the Board of Directors took the exceptional decision to defer the external evaluation by 12 months. Accordingly, the evaluation of the performance of the Board of Directors during the 2020 year was conducted internally and the results of the evaluation were shared with Corporate Governance and Nominations Committee. The deferred external review is due at the end of 2021.

RISK MANAGEMENT AND INTERNAL CONTROL

The Board of Directors acknowledges its responsibility for the Group's identification and management of risk along with the system of internal control and for reviewing the effectiveness of these. The Group's system of internal control is designed to manage, rather than eliminate, the risk of failure to achieve business objectives and can only provide reasonable but not absolute assurance against material financial misstatement or loss. The Board of Directors carries out an annual review of the Group's most important areas of exposure to risk and its internal control arrangements, having regard to the changing nature of risk and the Group's ability to cope with them.

The Group adopts internal controls appropriate to its business activities and geographical spread. The key components of the Group's system of risk management and internal control are described in the Risk Management section on pages 26 to 36. The Group has in place clearly defined lines of responsibility and limits of delegated authority. Comprehensive procedures provide for the appraisal, approval, control and review of capital expenditure. An Executive Risk Committee meets on a quarterly basis to review and discuss the Group's risk and risk management procedures and reports to the Board. The Executive Management Team also meets with functional senior management on a regular basis to discuss particular issues, including key operational and commercial risks, health and safety performance, sustainability, environmental factors, and legal and financial matters.

The Group has a comprehensive annual planning and management reporting process. A detailed annual budget is prepared in advance of each year and supplemented by forecasts updated during the course of the year. Financial results are reported monthly to the Executive Management Team and quarterly to the Board of Directors and compared to budget, forecasts, market consensus and prior year results.

The Board of Directors reviews reports on actual financial performance and forward-looking financial guidance.

The Board of Directors derives further assurances from the reports of the Audit Committee. The Audit Committee has been delegated responsibility to review the effectiveness of the internal financial control systems implemented by management and is assisted by the internal audit function and the external auditor where appropriate.

COMMUNICATION WITH STAKEHOLDERS

IMPLEMENTATION AND REPORTING ON CORPORATE GOVERNANCE

Subsea 7 S.A. acknowledges the division of roles between shareholders, the Board of Directors and the Executive Management Team. The Group further ensures good governance is adopted by holding regular Board of Directors' meetings, which the Executive Management Team attends and at which strategic, operational and financial matters are presented.

The Group's vision is: To lead the way in the delivery of offshore projects and services for the energy industry.

The Group's Values are: Safety, Integrity, Sustainability, Innovation, Performance and Collaboration.

In pursuit of the six Values, the Group has an Ethics Policy Statement and a Code of Conduct which reflect its commitment to clients, shareholders, employees and other stakeholders to conduct business legally and with integrity and honesty. The Ethics Policy Statement and the Code of Conduct were approved by the Board of Directors and were issued to all Directors, officers and employees and are subject to periodic review and updating.

GENERAL MEETINGS

The Articles of Incorporation provide that the Annual General Meeting (AGM) shall be held within six months from the end of the financial year and in 2021 it will be held on 14 April.

The notice of meeting and agenda documents for the AGM are posted on the Group's website at least 21 days prior to the meeting and shareholders receive the information at least 21 days prior to the meeting by mail. Documentation from previous AGMs is available on the Subsea 7 website: www.subsea7.com.

All shareholders that are registered with the Norwegian Central Securities Depository System receive a written notice of the AGM. The Company will set a record date as close as practicable to the date of the AGM, taking into account the differing deadlines for ADR and common share proxies. Subject to the procedures described in the Articles of Incorporation, all shareholders holding individually or collectively at least 10% of the issued shares have the right to submit proposals or draft resolutions. All shareholders on the register as at the record date will be eligible to attend in person, or vote by proxy, at the AGM.

Proxy forms are available and may be submitted by eligible shareholders which allow separate voting instructions to be given for each proposed resolution to one of the representatives indicated on the proxy form and also allow a person to be nominated to vote on behalf of shareholders as their proxy. There will be a separate vote for each candidate nominated for election to the Board of Directors. Details will be provided in the resolutions and supporting information distributed to the shareholders ahead of the AGM.

Under Luxembourg law, there are minimum quorum requirements for extraordinary general meetings but no minimum quorum requirement for AGMs. Decisions will be validly made at the AGM regardless of the number of shares represented if approval is obtained from the majority of the votes of those shareholders that are present or represented.

The Articles of Incorporation of the Company stipulate that the AGM will be chaired by the Chairman of the Board of Directors. However, the Board of Directors ordinarily delegates authority to the Company Secretary to chair the AGM. If a majority of the shareholders request an alternative independent chairman, one will be appointed.

At the AGM, the shareholders, inter alia, elect members of the Board of Directors for nominated terms of appointment, approve the Company's Annual Accounts, the Group's Annual Report and Consolidated Financial Statements, discharge the Directors from their duties for the financial year and approve the statutory auditor's appointment. In accordance with Luxembourg law and the Company's Articles of Incorporation, the Chairman of the Board is elected by the Board of Directors based on its insight into who has the most suitable level of understanding of the Company to carry out the duties of the Chairman.

EQUITY AND DIVIDENDS

Shareholders' equity

Total shareholders' equity at 31 December 2020 was \$4.2 billion (2019: \$5.3 billion) which the Board of Directors believes is satisfactory given the Group's strategy, objectives and risk profile.

Dividend policy

It is Subsea 7's objective to give its shareholders an attractive return on their invested capital. The return is to be achieved through a combination of dividend payments, share repurchases and an increase in the value of the Company's shares over time through disciplined investment in value-adding growth opportunities. The Board of Directors each year, after evaluating the Company's financial position and re-investment opportunities, may decide to recommend that shareholders approve at the AGM an appropriate dividend. This dividend will normally be paid in the month following its approval at the AGM.

Equity mandates

At the extraordinary general meeting held on 17 April 2019, the Board of Directors' authority to approve the purchase of the Company's shares up to a maximum of 32,736,711 common shares (representing 10% of the issued common shares as at 17 April 2019) was granted until 17 April 2021. This authority is subject to certain purchase price conditions and is conditional on such purchases being made in open market transactions through the Oslo Børs, subject to certain limitations. The Board of Directors was also granted authority for a period ending on 17 October 2021 to cancel shares repurchased under such authorisation and to reduce the issued share capital through such cancellations.

An extraordinary general meeting was held on 17 April 2018 at which the Company's shareholders approved the restatement of the authorised share capital at \$900,000,000 with any authorised but unissued common shares lapsing on 16 May 2021. Additionally, the Board of Directors was authorised to issue new shares within the authorised unissued share capital. The Board of Directors was authorised to waive, suppress or limit existing shareholders' preferential subscription rights up to a maximum of 32,736,711 common shares (representing 10% of the issued common shares as at 17 April 2018). These authorisations were granted for a period of three years, expiring on 16 May 2021, to reduce inter alia the administrative burden of convening an extraordinary general meeting annually.

An extraordinary general meeting will be held on 14 April 2021 at which it will be proposed that the shareholders (1) approve the restatement of the authorised share capital at \$900,000,000 and (2) approve the renewal of the Board of Directors' authority to purchase up to 10% of the Company's issued shares as well as the authority to cancel shares repurchased under such authorisation and to reduce the issued share capital through such cancellations.

EQUAL TREATMENT OF SHAREHOLDERS AND TRANSACTIONS WITH CLOSE ASSOCIATES

One class of shares

The Company has one class of shares which are listed on the Oslo Børs. Each share carries equal rights including an equal voting right at annual or extraordinary general meetings of shareholders of the Company. No shares carry any special control rights. The Articles of Incorporation contain no restrictions on voting rights.

Share issues

The Board of Directors is authorised to suppress the pre-emptive rights of shareholders under certain circumstances and within the limits set forth previously. This is to allow flexibility to deal with matters deemed to be in the best interest of the Company.

In the event of the Board of Directors resolving to issue new shares and waive the pre-emptive rights of existing shareholders, the Board of Directors intends to comply with the recommendation of the Norwegian Code of Practice for Corporate Governance that the justification for such waiver is noted in the Stock Exchange announcement relating to such a share issue.

Related party transactions

Any transactions between the Group and members of the Board of Directors, executive management or close associates are detailed in Note 33 'Related party transactions' to the Consolidated Financial Statements.

The Board of Directors will, from time to time, determine the necessity of obtaining third-party valuations on transactions with related parties. Under Luxembourg law, Directors may not vote on transactions in which they are directly or indirectly financially interested.

The Group's Code of Conduct requires any Director or employee to declare if they hold any direct or indirect financial interest in any transaction entered into by the Group.

Freely negotiable shares

Subsea 7 S.A.'s shares are traded as common shares on the Oslo Børs and as ADRs over-the-counter in the US.

All shares are freely negotiable. The Articles of Incorporation contain no form of restriction on the negotiability of shares in the Company.

The Company's Directors receive remuneration in accordance with their individual roles and committee membership. The CEO's remuneration is detailed in Note 33 'Related party transactions' to the Consolidated Financial Statements. The Directors are encouraged to own shares in the Company but no longer participate in any incentive or share option schemes, with the exception of Mr Cahuzac who retains awards granted to him in his capacity as CEO prior to his retirement from this role on 31 December 2019. The remuneration of the Board of Directors is approved at the AGM annually and is disclosed in Note 33 'Related party transactions' to the Consolidated Financial Statements.

Directors are not permitted to undertake specific assignments for the Group unless these have been disclosed to and approved in advance by the Board of Directors.

REMUNERATION OF THE EXECUTIVE MANAGEMENT

The Group's remuneration policy is set by the Compensation Committee. The policy is designed to provide remuneration packages which will help to attract, retain and motivate senior management to achieve the Group's strategic objectives and to enhance shareholder value. The Compensation Committee also seeks to ensure that the remuneration policy is applied consistently across the Group and that remuneration is fair and transparent, while encouraging high performance.

The Compensation Committee benchmarks executive remuneration against comparable companies and seeks to ensure that the Group offers rewards and incentives which are competitive with those offered by the Group's peers. In benchmarking elements of remuneration against Subsea 7's peers, the Compensation Committee may from time to time take advice from external consultants.

Remuneration comprises base salary, bonus, share-based payments, benefits and pension. Performance related remuneration schemes define limits in respect of the absolute awards available. These are defined within the scheme arrangements and set out limits regarding total award in a given year and, in specific instances, the total award available to certain individuals.

SHORT-TERM INCENTIVE ARRANGEMENTS

The Group operates a common annual short-term incentive plan (bonus) with targets set by the Compensation Committee. The current performance conditions for executive officers are based upon the following metrics with the relevant weighting: Financial performance (45%), Project performance (20%), Safety performance (10%) and Personal objectives (25%).

LONG-TERM INCENTIVE ARRANGEMENTS

The Group currently operates a single long-term incentive arrangement, the 2018 Long-term Incentive Plan ('2018 LTIP') to reward and incentivise key management. The 2018 LTIP provides for conditional awards based upon performance conditions over a performance period of at least three years. The performance conditions are based upon two measures: relative Total Shareholder Return (TSR) and Return on Average Invested Capital (ROAIC) based upon a weighting of 65%/35%.

There is an award cap such that executive officers may not be granted shares in a single year that have an aggregate market value in excess of 150% of their annual base salary and must build up a shareholding with a fair value of 150% of their annual base salary. There are also former schemes which are now closed to new awards. Full details of the 2018 LTIP are set out in Note 34 'Share-based payments' to the Consolidated Financial Statements.
